SOLaaS
4 TAX — powered by SAP

## PRESENTATION OF THE SOLaaS/4 TAX SOLUTION

### What is the SOLaaS/4 TAX ?

SOLaaS/4 TAX is a program that has tools and solutions as a service, perfect and suitable for any type of company.

SOLaaS/4 TAX is a step beyond being just software as a service. It provides customers with the hardware, software licenses, database, functional support (AMS), application support, infrastructure support and a knowledge base needed to effectively use and manage the solution. Its simplified service allows the Customer to quickly resolve issues by interacting with a single supplier and being able to focus on the business areas, eliminating the worry and stress of day-to-day management and in-house IT support.

Origen's SOLaaS/4 TAX is a complete solution for all Customer's tax needs containing the following attributes:

- Value chain mapping
- Process mapping
- Support in the study to increase revenue, reduce costs and increase productivity.

**BTO – BUSINESS TRANSFORMATION OFFICE**

- Support in the identification and management of IT risks
- Synchronized environments

**GOVERNANCE COMPLIANCE AND RISK**

- Customer-specific knowledge and learning
- Updated library
- Implementation and evolution accelerators.

**ORIGEN KNOWLEDGE LIBRARY**

- Infrastructure (Cloud)
- Applications (SAP DRC and Tax Software)
- High Availability
- Single contract.

**ORIGEN SOLaaS**

## COMPARISON BETWEEN TAX SOLUTIONS

In the table below, you can see the main differences between acquiring a market standard tax or NFe software (batch integration), a multi-vendor approved solution, and the single Origen SOLaaS/4 Tax solution.

| FEATURES | SOLaaS 4 TAX |
|---|---|
| Interdependence between Fiscal and ERP solution (Configuration) | ✔ |
| High performance in processing large volumes (SAP HANA) | ✔ |
| SAP Approved Solution | ✔ |
| Single license agreement, infrastructure, services and single player support | ✔ |
| Single team capable of sustaining, evolving and upgrading Tax and SAP tools | ✔ |
| Possibility of purchasing the product as SAAS, no CAPEX required | ✔ |
